Subject: Proposed Solid Waste Facilities Permit Revision for L and D Landfill
Facility No. 34-AA-0020

Dear Mr. Lewis:

On September 2, 2015, Department of Resources Recycling and Recovery (CalRecycle) staff received your electronic request to return the proposed solid waste facilities permit, received on July 16, 2015. As you indicated, the operator of the subject facility has waived the time limit for the LEA to consider the current application to revise the solid waste facility permit and for CalRecycle to concur, in order to allow completion of the CEQA process.

When the LEA believes it is appropriate, the proposed permit can be submitted, and CalRecycle will complete a timely processing of the permit toward an action. Thank you for your assistance with this permit action.

If you have any questions, please contact Nicholas Oliver at (916) 341-6599 or nicholas.oliver@calrecycle.ca.gov.

Sincerely,
